We hope to see you in

and to see our brand new goodies.

Classes

Our New Years Resolution:

To schedule all of the classes we've been thinking about and wanting to offer. Charlene has been calling people who are interested in 2 socks on 2 circs and the moebius scarf; let us know if you want to be on the list.

Come in and see our samples. The lace shawl is beautiful, the tatting is fascinating, the moebius is magical. What we learned to do with leftover and novelty yarn is truly wonderful! We'll be sharing that in the crayon box jacket and the odds and ends classes.

We have Cherry Tree Hill hand dyed, Malabrigo and Mission Falls yarns coming in as well as lots of other fun things.
